

## Mandate

- To organize short and long term vocational training courses in horticultural/agriculture and allied fields for farmers and rural youth with emphasis on “learning by doing” for higher production on the farms and generating self-employment through it.
- To organize training to update extension personnel with emerging advances in agricultural/horticultural research on regular basis.
- To organize front line demonstrations in various crops to generate productivity data and feedback information.
- To conduct “on-farm testing” for testing and refining the recommended technology in orders to make it location specific sustainable technology.
- To act as hub of the Knowledge in the field of Agriculture for entire district.
